1 Test Matching Questions You will select the correct match for the following processes and simple machine that is described

This question contains 3 matching. The total for all 3 matches is 1 point.

Options:

Add more matches to this one question and adjust the point value

Add a new question with 3 matching and set value of the question.

*The 1.00 is not indicating that each match is one, but the set of 3 is 1 point

Matching Quiz

Grading method: Highest grade

For this example, I showed how getting 2/3 incorrect would score...just to give you an idea when setting values and setting up questions for the matching.

Summary of your previous attempts

Attempt	State	Points / 1.00	Grade / 100.00	Review
Preview	Finished Submitted Thursday, February 7, 2019, 2:54 PM	0.33	33.33	Review

Highest grade: 33.33 / 100.00.
