The assignment activity module enables a teacher to communicate tasks, collect work and provide grades and feedback.

Students can submit any digital content (files), such as word-processed documents, spreadsheets, images, or audio and video clips. Alternatively, or in addition, the assignment may

Click on the **Assignment** option underneath **Activities**.

You can either double click on the word **"Assignment,"** or select the circle next to it, and then click the **Add** button at the bottom of the menu.

numerical or custom scale or an advanced grading method such as a rubric. Final grades are recorded in the gradebook.

Here, you can enter each student's grade and even enter feedback. Make sure to click **Save all quick grading changes** at the bottom of the screen when you are finished.

Clicking on an individual **Grade** button next to the student's name will take you to the grader, where you can give more detailed feedback.
